Vikas College Of Arts Science & Commerce

Report on Addon courses at Vikas College of Arts, Science & Commerce in Collaboration with ExcelR for the Academic Year 2022-2023

Introduction:

Vikas College of Arts, Science & Commerce successfully organized a series of 30-hour add-on online certification courses in collaboration with EXCELR. These courses were designed to provide students with additional knowledge and practical skills in various IT and data-related domains. The collaboration was facilitated through a Memorandum of Understanding (MOU) between the two entities.

➢ ExcelR's Every Day Learning (EDL) program is a 30-hour live virtual training program.

➢ The program is designed to provide participants with valuable knowledge and skills.

➢ The training program is offered free of cost due to the signed Memorandum of Understanding (MOU).

➢ The students/faculty can register for courses pertaining to trending technologies absolutely for free and attend live sessions conducted by real-time industry experts/working professionals.

➢ The sessions are conducted on weekdays, providing flexibility for participants.

➢ The timing of the sessions is from 7.00 PM to 9.00 PM, allowing students to attend after their regular commitments.

➢ All courses have a minimum duration of 15 days.

➢ Participants will have the opportunity to engage in hands-on exercises and practical examples during the training program.

➢ This interactive approach helps reinforce learning and allows participants to apply the concepts practically.

➢ Students with a minimum of 60% attendance are eligible for the participation certificate. Upon successful completion of the training program, participants will receive a participation certificate from ExcelR.

➢ The certificate serves as recognition of the participants' dedication, effort, and successful completion of the training program.

> ExcelR's Every Day Learning (EDL) program offers a valuable opportunity for individuals to enhance their skills and knowledge, benefiting their personal and professional growth.

Name of the Program: Automation Testing and DevOps: Cover topics related to software testing, automation using Selenium, and essential concepts of DevOps.

Date of Program: 8th August 2022 - 29th August 2022
List of students participated and completed the course:

HOD

Curriculum
- **Introduction to STLC**: Understanding the phases of the Software Testing Life Cycle for quality assurance.
- **Manual Testing Concepts**: Learning test case design, execution, and defect reporting.

- **Automation Testing with Selenium**: Automating web applications and writing scripts using Selenium.

- **Essentials of DevOps and AWS Services**: Implementing CI/CD pipelines using DevOps principles and AWS tools.

Duration:

This 15-day program consisted of 30 hours of learning, with 2-hour sessions held daily from 7 PM to 9 PM, Monday through Friday.

The program successfully introduced students to key concepts of automation testing and DevOps, equipping them with skills needed for the IT industry and enhancing their technical expertise.

Attendance report of the students

During the live session, a Google Form will be sent to the students. They are required to fill out this form for attendance and to provide feedback on the session. Students who attend at least 60% of the course will be eligible to receive a participation certificate. The following is the attendance report provided by ExcelR.
