**Report on Addon courses at Vikas College of Arts, Science & Commerce in
Collaboration with ExcelR for the Academic Year 2022-2023**

Introduction:

Vikas College of Arts, Science & Commerce successfully organized a series of 30-hour add-on online certification courses in collaboration with EXCEL R. These courses were designed to provide students with additional knowledge and practical skills in various IT and data-related domains. The collaboration was facilitated through a Memorandum of Understanding (MOU) between the two entities.

- ExcelR's Every Day Learning (EDL) program is a 30-hour live virtual training program.
- The program is designed to provide participants with valuable knowledge and skills.
- The training program is offered free of cost due to the signed Memorandum of Understanding (MOU).
- The students/faculty can register for courses pertaining to trending technologies absolutely for free and attend live sessions conducted by real-time industry experts/working professionals.
- The sessions are conducted on weekdays, providing flexibility for participants.
- The timing of the sessions is from 7.00 PM to 9.00 PM, allowing students to attend after their regular commitments.
- All courses have a minimum duration of 15 days.
- Participants will have the opportunity to engage in hands-on exercises and practical examples during the training program.
- This interactive approach helps reinforce learning and allows participants to apply the concepts practically.
- Students with a minimum of 60% attendance are eligible for the participation certificate. Upon successful completion of the training program, participants will receive a participation certificate from ExcelR.
- The certificate serves as recognition of the participants' dedication, effort, and successful completion of the training program.

- ExcelR's Every Day Learning (EDL) program offers a valuable opportunity for individuals to enhance their skills and knowledge, benefiting their personal and professional growth.

Summary:

The Fundamentals of Full Stack Development program was a 15-day intensive course designed to equip participants with foundational knowledge in front-end and back-end development. The curriculum included learning the basics of HTML for web content structuring, CSS for styling web pages, and Bootstrap to create responsive designs. Additionally, students were introduced to database concepts to provide a well-rounded understanding of full-stack development. The program, consisting of 30 hours of instruction, was conducted from Monday to Friday, offering a balanced mix of theory and hands-on practice.
