VIDYA VIKAS EDUCATION SOCIETY'S
VIKAS COLLEGE OF ARTS, SCIENCE & COMMERCE

DEPARTMENT OF POLITICAL SCIENCE

PROJECT REPORT A.Y. 2018-19

A] Programme Name: Bachelor of Arts (B.A) [T.Y.B.A.]

B] Programme Code: 3A00146

C] Semester: VI

D] Name of the Course that include experiential learning through project :
Politics Paper VIA : Political Process in Modern Maharashtra Semester VI:
Determinants of Politics of Maharashtra Theory – 80 marks + Project – 20 marks =
Total 100 marks

E] Course Code :UAPOL-603

F] Project Report Objectives:

- 1) To identify and study the major factors shaping the political process in Maharashtra. It will include social, economic, and cultural factors.
- 2) To study in depth how the caste and religious structure of Maharashtra has influenced the political process. Specifically analyzing the political participation of Bahujans, Marathas, OBCs, and Dalits.
- 3) To study economic disparity in Maharashtra, political issues arising from regional development imbalances, and political equations in urban and rural areas.
- 4) To study how linguistic identity (Marathi identity) and regional identity have influenced politics. Analyzing the events from the movement of Samyukta Maharashtra to the existing linguistic and regional conflicts.
- 5) To study the major political parties of Maharashtra, their policies, and their functioning. To understand the electoral strategies of various political parties, their role in development policies, and their impact on society.
- 6) To study the contribution and impact of farmers' agitations in the political process in Maharashtra. To explain how political equations change due to issues of peasant agitation.
- 7) To understand how the ideology, personality, and leadership of prominent leaders influence the politics of Maharashtra. To analyze how the policy decisions of the leaders changed the political process.
- 8) To study how media (especially electronic and social media) and technology have affected politics in Maharashtra. Explaining how propaganda and public opinion are shaped by the use of technology.
- 9) To study the impact of movements related to social justice, women, students, and other marginalized groups on politics in Maharashtra. To understand how these movements changed the political process.
- 10) To analyze the relationship between the Center and the state of Maharashtra, and how it influences the political policies of Maharashtra.
- 11) To study the stresses and strains in the federal system.

G] Outcomes of the Project work:

- 1) An in-depth understanding of the important social, economic, and cultural factors that influence the political process in Maharashtra will be identified. It will be clear how these factors created the political flow.
- 2) This project will explain how the caste and religious structure of Maharashtra affects politics. Especially how Marathas, Dalits, OBCs, and other social groups contributed to the political process.
- 3) As a result of this project, how economic disparities and urban-rural development imbalances in Maharashtra influence political equations. It will be understood how the issues of development created political differences.
- 4) An in-depth analysis can be made of how the questions of linguistic identity (Marathi identity) and regional identity have influenced the political process in Maharashtra. It will be known how the issues of integration and division have changed politics.
- 5) Major political parties in Maharashtra and their policies, their election strategies and how they have influenced the society will be detailed. It will be known how the ideologies of the parties have affected various elements of the society.
- 6) It will be clear how the farmers' agitations changed the political process of Maharashtra, and how these agitations changed the political outlook. In particular, rural voters and their political participation can be analysed.
- 7) As a result of the project, one can identify how the major political leaders and their leadership brought about important changes in the political process in Maharashtra. It will be clear how the decisions of the leaders affected the political policies.
- 8) Through electronic, print and social media, one can study the impact on politics in Maharashtra. It will be known how the media has played an important role in shaping public opinion.
- 9) How various social movements and agitations, such as the women's, student, and Dalit movements, changed the politics of Maharashtra can be elaborated. This would make it clear that political leaders and parties had to change their policies.
- 10) The results of the project will provide an understanding of how the balance of power between the Center and the state has influenced politics in Maharashtra, and how federal tensions have been handled.

5) Project Report of A.Y. 2022-23

**VIDYA VIKAS EDUCATION SOCIETY'S
VIKAS COLLEGE OF ARTS, SCIENCE & COMMERCE**

DEPARTMENT OF POLITICAL SCIENCE

PROJECT REPORT A.Y.2022-23

A] Programme Name: Bachelor of Arts (B.A) [T.Y.B.A.]

B] Programme Code: 3A00146

C] Semester:VI

D] Name of the Course that include experiential learning through project :

Politics Paper VIA : Political Process in Modern Maharashtra Semester VI: Determinants of Politics of Maharashtra Theory – 80 marks + Project – 20 marks = Total 100 marks

E] Course Code :UAPOL-603

F] Project Report Objectives:

- 1) To identify and study the major factors shaping the political process in Maharashtra. It will include social, economic, and cultural factors.
- 2) To study in depth how the caste and religious structure of Maharashtra has influenced the political process. Specifically analyzing the political participation of Bahujans, Marathas, OBCs, and Dalits.
- 3) To study economic disparity in Maharashtra, political issues arising from regional development imbalances, and political equations in urban and rural areas.
- 4) To study how linguistic identity (Marathi identity) and regional identity have influenced politics. Analyzing the events from the movement of Samyukta Maharashtra to the existing linguistic and regional conflicts.
- 5) To study the major political parties of Maharashtra, their policies, and their functioning. To understand the electoral strategies of various political parties, their role in development policies, and their impact on society.
- 6) To study the contribution and impact of farmers' agitations in the political process in Maharashtra. To explain how political equations change due to issues of peasant agitation.
- 7) To understand how the ideology, personality, and leadership of prominent leaders influence the politics of Maharashtra. To analyze how the policy decisions of the leaders changed the political process.
- 8) To study how media (especially electronic and social media) and technology have affected politics in Maharashtra. Explaining how propaganda and public opinion are shaped by the use of technology.
- 9) To study the impact of movements related to social justice, women, students, and other marginalized groups on politics in Maharashtra. To understand how these movements changed the political process
- 10) To analyze the relationship between the Center and the state of Maharashtra, and how it influences the political policies of Maharashtra.
- 11) To study the stresses and strains in the federal system.

G] Outcomes of the Project work:

- 1) An in-depth understanding of the important social, economic, and cultural factors that influence the political process in Maharashtra will be identified. It will be clear how these factors created the political flow.
- 2) This project will explain how the caste and religious structure of Maharashtra affects politics. Especially how Marathas, Dalits, OBCs, and other social groups contributed to the political process.
- 3) As a result of this project, how economic disparities and urban-rural development imbalances in Maharashtra influence political equations. It will be understood how the issues of development created political differences.
- 4) An in-depth analysis can be made of how the questions of linguistic identity (Marathi identity) and regional identity have influenced the political process in Maharashtra. It will be known how the issues of integration and division have changed politics.
- 5) Major political parties in Maharashtra and their policies, their election strategies and how they have influenced the society will be detailed. It will be known how the ideologies of the parties have affected various elements of the society.
- 6) It will be clear how the farmers' agitations changed the political process of Maharashtra, and how these agitations changed the political outlook. In particular, rural voters and their political participation can be analysed.
- 7) As a result of the project, one can identify how the major political leaders and their leadership brought about important changes in the political process in Maharashtra. It will be clear how the decisions of the leaders affected the political policies.
- 8) Through electronic, print and social media, one can study the impact on politics in Maharashtra. It will be known how the media has played an important role in shaping public opinion.
- 9) How various social movements and agitations, such as the women's, student, and Dalit movements, changed the politics of Maharashtra can be elaborated. This would make it clear that political leaders and parties had to change their policies.
- 10) The results of the project will provide an understanding of how the balance of power between the Center and the state has influenced politics in Maharashtra, and how federal tensions have been handled.
