Mumbai City is replete with a unique blend of biodiversity. From a forest ruled by leopards in the heart of the city to beaches full of bizarre shore wildlife, from wetlands dotted pink with flamingos to mangroves splashing red with fiddler crabs. Students should be aware of and should understand the significance of this rich biodiversity in Mumbai. Biotechnology Department in association with Department of Botany organize webinar on, "The Astonishing Biodiversity of Mumbai" on 23rd May 2020. Dr. Pramod Salaskar, Director, Dharitree Environmental Research Centre, Mumbai with his colleague Mr. Chaitanya Keer and Ms. Rupali Patil explored this rich biodiversity to the students using audio visual aid.
